1. Welcome and apologies

2. Presentation:

Kris Holm - Professional Development and Learning Institute

Kris indicated that the Institute clients are teachers and school leaders and while they have no additional money to deliver their own offerings, their role is to coordinate existing programs across the state.

The EQ PD budget is to be delivered next week and the PDLI role is to ensure that department priorities are met. Kris will meet with Division PD officers and budgeting will be done early in Term 4. She also wants to work with professional associations to ensure there is a better spread of PD and to understand what associations can offer and what members may need.

Kris will produce a catalogue for PD in the Middle of August and will send a template and call for information for inclusion in the catalogue early in Term 4.

Professional Association events can be emailed to Kris for endorsement and she is happy to promote associations.

QUT is conducting 2 pieces of research - one on the expected needs of children in the 21st Century and the expected needs of teachers. This will assist in determining key priorities.

Associations can supply data on needs because there is no systemic data.

Membership of a professional association could be one of the leadership criteria.

Kris reiterated that the PD coordinators are also powerful advocates for professional associations.

There has been a recommendation not to go to the quality assurance model for PD but guidelines may be generated instead.

3. Confirmation of minutes of last meeting held on Wednesday 21st May 2008

Amendment to include Jason Zagami as attending
